2011 JUNE

Alliance Française Kampala

Your French Language and Cultural Centre

Editorial

June marks an important month in the cultural events calendar. As a French language and cultural centre, AFK will host one of France's major cultural event of the year – World Music Day. Fête de la Musique/World Music Day is one of the year's most significant day for French culture all over the world. The philosophy behind this day is to bring music to the people and the slogan 'Faites de la musique' (Make music) is used to promote this goal. Many free concerts are organized, making all genres of music accessible to the public. In line with this spirit, Alliance Française Kampala will be celebrating the day on the evening of June 18th with a variety of professional and amateur musicians. This year will be a special edition as Fête de la Musique is celebrating its 30th anniversary! June is also a month that carries numerous important international dates such as International Children's Day, World Environment Day and World Refugee Day. We will have a focus on International Children's Day this month, as we are hosting an exhibition of linoleum prints made by Ugandan school children; a film premiere for Stone Cold - a Ugandan movie illustrating the tragedy of child labour- and in keeping with this spirit we will fill our walls and screens with films about children in our weekly Ciné Club. Beyond the AFK walls, all of Kampala will be buzzing with culture...

So stock up on energy and see you in June!

JJ.Bernabé
Director

DON'T FORGET....!
